

## **CURRICULUM VITAE DANIELE GULLA'**

**Daniele Gullà was born in 1962 in Bologna where he is living and working.**

**Graduated as Electronic Engineer, he has been interested in Biopsychocibernetics since twenty years.**

**His passion for the Electronics, for the UV/IR Spectrography and for the Electroacoustics addressed him toward particular fields of the Psychic Research: the Paranormal Transimages and the Instrumental Transcommunication.**

**Currently he collaborates with experts of Courts of Justice and Italian Police for forensic analysis in Biometrics (audio and video).**

**In 2003 the Court of Justice of Cassino nominated him as Anthropometric Expert.**

**In 2004 the Courts of Justice of Bologna, Modena and Rimini nominated him as Phonic Expert.**

**In 2004 he attended a University Course of Criminology.**

**For several years he is performing phonic expertises relevant to speaker recognition for Italian Police, Courts of Justice and other Italian Public Offices.**

**In 2005 he collaborated with C.T.E. Consulting of Padua, with Bologna' City Council and A.N.A.S. of Bari for environment monitoring and decontamination of acoustic pollution.**

**He collaborates with the Bologna' University, Department of Biophysics, and with the A.I.M.N. (International Academy of Natural Medicine) as technical advisor in Biomedicine.**

**In 2006 he's member of N.S.I. (Special Nucleus Investigation) for phorensic analysis.**

**He has been lecturer at several International Congresses of Parapsychology and has published his articles on important magazines of the sector, as "Luce e Ombra", "Quaderni di Parapsicologia" and "Lettere e Scritti".**

**He has attended a two-year Course of Parapsychology for Researchers at the "Centro Studi Parapsicologici" of Bologna (C.S.P) becoming, from 1996 to 2001, a qualified researcher inside the CSP Research Department.**

**He often takes part of important telecasts of national and international nets (Rai 1 - Rai 2 - Rai 3 - TSI - SKY- Mediaset - Discovery Channel - Travel Channel) and for his research activity he is frequently object of articles published in national and foreign magazines.**

**Today his research activity is carried out inside "Il Laboratorio" – Interdisciplinary Laboratory for Biopsychocybernetics Research - as responsible of the Transimages Dept. and collaborates with the Transcommunication Dept. for a scientific investigation in ITC.**

**He is a teacher in a Biopsychocibernetics Course held at the 4th Department of Open University of Imola.**

Since 2004 he is a member of the Scientific Committee of the "Institute for Consciousness Research" of Rome together to Umberto Di Grazia, the Criminologist Francesco Bruno and the Physicist Mario Bruschi of the University "La Sapienza", Rome.

#### **C.T.U. IN PENAL PROCESS**

- **Cassino Courte of Justice for anthropometry face analysis, Proc. Pen. N°205/00 in the 2003,**
- **Bologna Courte of Justice for Phorensic Voice Identification, Proc. Pen. N°53073/99 in the 2003,**
- **Rimini Courte of Justice for Phorensic Voice Identification, Proc. Pen. N°1995/2004 in the 2004,**
- **Cassino Courte of Justice for anthropometry face analysis, Proc. Pen. N°636/04 in the 2006,**
- **Auxliary in many Process with Geom. Giuseppe Mazzitelli, C.T.U. of the Court of Justice in Bologna and Prof. Gian Piero Benedetti C.T.U. of the Court of Justice in Bologna.**
